Patrick and Lise Matsen is living in a old apartment in Oslo in Norway.

They to live happy together in this apartment they bout for 10 years ago. They have been working and save mony for fixing the apartment.

They have a lot of visitors from both their familys, so it is important to have space for them.

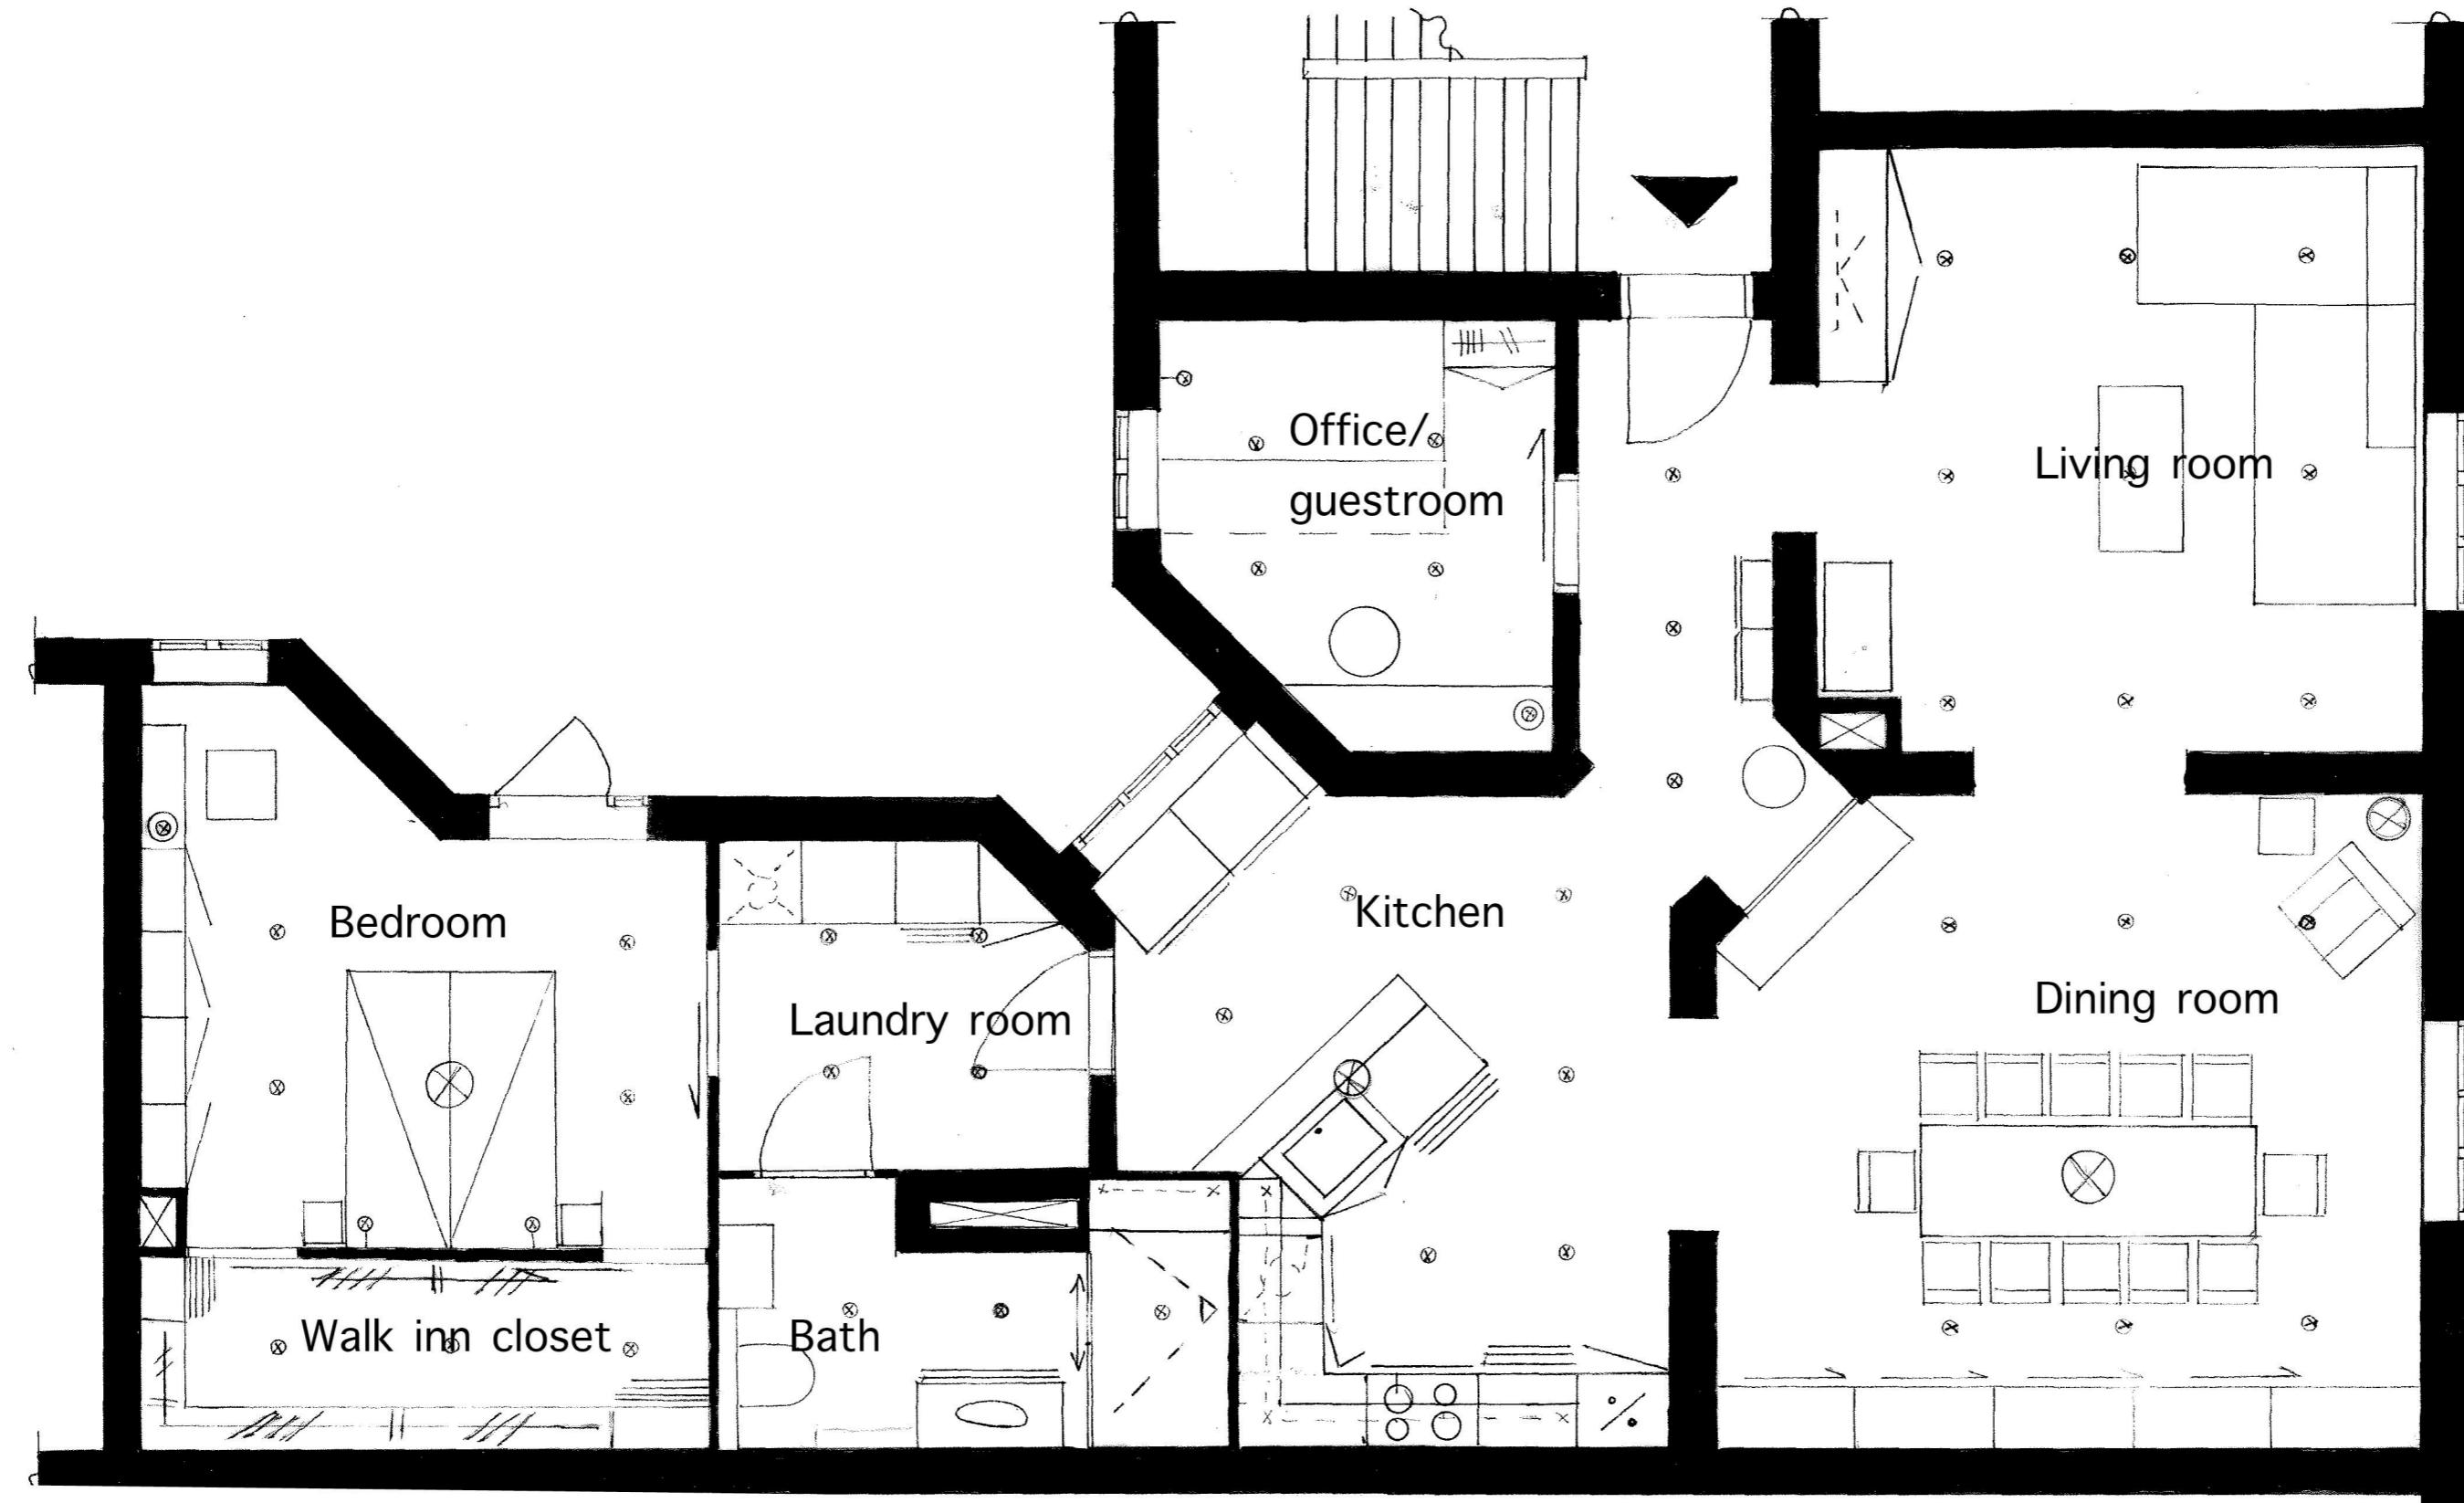

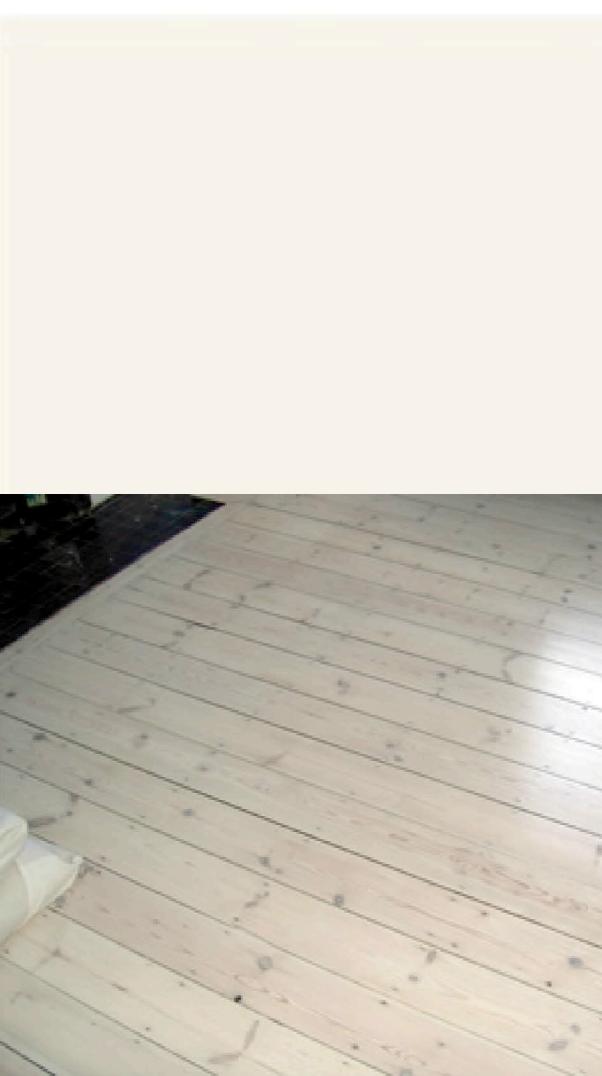

Lise was diagnosed cancer for 5 years ago, and after some operations and chemotherapy she got well. They have had a long and hard time, and they got strong together.
